

about center for pan asian community services

Center for Pan Asian Community Services, Inc. (CPACS) was founded in 1980 on the belief that people need people. It is the first, largest, and longest standing organization in the Southeast focused on issues concerning Asian Americans and other underserved populations.

Since its inception, CPACS goal has been to deliver comprehensive and family centered social and health services. CPACS recognizes that issues of health, education, employment, citizenship, and community are interrelated and integral to people's success and their ability to contribute to the society in which we live.

During the past 34 years, CPACS has evolved from a volunteer-run organization to help mostly Korean Americans, into a multi-service organization with racially, ethnically, and religiously diverse staff whose linguistic ability covers some 17 different language groups (both Asian and non Asian). CPACS capacity to serve the community also grew from 791 clients per month in 1999 to 2,750 clients per month in 2014.

While CPACS has a unique capacity to serve Asian Americans, it has also evolved to provide essential services that benefit the entire community, especially people with limited English proficiency, regardless of racial, ethnic, and religious makeup.

mission statement

Center for Pan Asian Community Services, Inc. mission is to promote self-sufficiency and equity for immigrants, refugees, and the underprivileged through comprehensive health and social services, capacity building, and advocacy.

Center for Pan Asian Community Services, Inc 2013-2014 Annual Report

a message from the ceo and chairman

Dear Friends,
The Center for Pan Asian Community Services, Inc. achieved many important milestones in the past year, despite a challenging economic climate and we are pleased to present the Annual Report for fiscal year 2014.

Our mission to promote equity, especially for underserved communities, is exemplified by such achievements as co-hosting the nation's first Asian American and Pacific Islander (AAPI) Enrollment Summit which resulted in assisting more than 6,000 individuals to gain access to health care. The CPACS Cosmo Health Center, the federally qualified health center (FQHC), also served hundreds of individuals in need of medical care and provided family-friendly health education for many families during its first year of operation.

One such individual, Mr. V, had no place to turn after living three years with severe pain from a work related injury. Speaking very little English, he relied on his friends to borrow money for his medical bills after he lost his job and when his medical insurance expired. Mr. V approached CPACS and with the help of its bilingual case managers, he was able to learn about and access all the programs and services that we provide. Mr. V can now access the medical treatment that he needs from the CCHC, has a plan to start paying back his friends by enrolling in job training programs, and lives without fear of being evicted because he can't afford rent.

Promoting self-sufficiency through self-reliance is a commitment that CPACS holds dearly. There were several benchmark projects that enabled many refugees and immigrant families to thrive. One such project is the Home Based Child Care Program that produced its first refugee cohort of entrepreneurs who went through a year-long training. These women graduates are the first cohort to collaboratively tackle the shortage of qualified child care businesses in the refugee community.

Each year, we are blessed to share stories of so many inspiring clients and supporters. We know that CPACS cannot carry out all its significant work without your generous contributions and ongoing support. We give our heartfelt thanks to you and we look forward to your continuous partnership in the upcoming year as we commit to further deliver much needed and comprehensive services. Thank you!

Sincerely,

CHAIWON KIM NACK PAEK

www.cpacs.org

Center for Pan Asian Community Services, Inc. is a 501(c)3 nonprofit organization

CPACS is now a Drug-Free Communities (DFC) Support Program grant recipient! The DFC Support Program is a federal grant program that provides funding to community based coalitions that organize to prevent youth substance use.

CPACS Express 1 Year Anniversary

CPACS Express serves as an employment mobility project granted by the Job Access and Reverse Commute (JARC) through the Atlanta Regional Commission (ARC) to connect and increase mobility options for the Clarkston community in DeKalb County. Over the course of the last year, CPACS Express was able to serve 5,875 riders with round-trip door to door service and provide 944 community members with training regarding how to access CPACS Express as well as MARTA.

It's the Journey Inc., producer of the Atlanta 2-Day Walk for Breast Cancer, awarded \$600,000 to 22 breast health and breast cancer programs throughout Georgia focused on advocacy, support services, education/awareness, genetic counseling and testing, and direct assistance in the areas of breast cancer or breast health. The Foundation awarded CPACS one of those grants.

CPACS Cosmo Health Center Grand Opening

CPACS Cosmo, a Federally Qualified Health Center, provides comprehensive medical services including primary/preventive care, dental, mental health, and substance abuse services to residents of Gwinnett and DeKalb County and surrounding areas. Transportation, interpretation, translation, and sliding fee services are available to those who qualify.

AUGUST

CPACS partnered with the Centers for Medicare and Medicaid Services, Department of Health and Human Services, Health Resources and Services Administration, and the Centers for Disease Control and Prevention to host a provider and community town hall meeting around the Affordable Care Act and the Health Insurance Marketplace. More than 140 community members and media were present to hear about how the Affordable Care Act will work.

SEPTEMBER

TEA Walk 2013 "Rise Up! Be the Change!"

For the last 8 years, CPACS has invited Atlanta's diverse community to walk in solidarity as one family, one community, and one America in the largest empowerment walk of its kind in the south - TEA Walk, Together Empowering Asian Americans. More than 2,000 people participated in CPACS 9th Annual TEA Walk. The theme, "Rise Up! Be the Change!" served to engage Atlanta's diverse community to walk in solidarity and to make a positive difference.

NOVEMBER

CPACS awarded Federally Qualified Health Center (FQHC)

CPACS received a New Access Point Award through the Department of Health and Human Services (DHHS) as part of the Affordable Care Act. The award, granting CPACS Federally Qualified Health Center Status, allows the organization to acquire a new location and expand its health services to underserved members of the community, particularly those who are low income, uninsured, and limited English proficient. During this funding cycle DHHS awarded funds to an unprecedented number of community health organizations that provide health care to Asian Americans; CPACS is one of five Association of Asian Pacific Community Health Organizations

(AAPCHO) to receive the new access point award. Through this award, CPACS will combine its existing primary and preventive care clinics and expand its services and hours of operation. CPACS FQHC status is a great complement to its existing work as a Certified Application Counselor Organization under the Affordable Care Act and enables the organization to ensure all members of the community have access to healthcare both by enrollment in an insurance plan through the Healthcare Exchange and by providing linguistically and culturally competent affordable healthcare to those who remain underserved.

DECEMBER

World AIDS Day Campaign 2013

CPACS participated with Asian & Pacific Islander Wellness Center's World AIDS Day campaign. A&PI Wellness Center created the WE COUNT! campaign to remind our policymakers that APIs are also affected by #HIV. 1 in 3 APIs living with HIV don't know it, yet over two-thirds of Asians and 70% of Pacific Islanders have never been tested for HIV.

CPACS met with District Director Kathy Register to talk about how HIV is affecting the lives of many citizens, especially APIs. We also expressed our hope of seeing more funding toward HIV education and prevention. We gave the district director a jar of fortune cookies. Within each fortune cookie contains a special message about HIV in the API community.

CPACS provides HIV counseling and free testing in our main office Monday to Thursday from 10-5. Ask for Service #9.

MARCH

CPACS and WHIAAPI Region 4 Intergency Working Group and Enrollment Summit

CPACS, along with the White House Initiative on Asian Americans and Pacific Islanders (WHIAAPI), co-hosted the Region IV Intergency Working Group's first Community Roundtable for Asian American and Pacific Islander (AAPI) leaders in

Atlanta, Georgia. Forty-eight AAPI community leaders and 16 federal agencies gathered for the roundtable determined to discuss the needs of the community, develop strategies to address those needs, and build working relationships.

Mayor of Atlanta, Kasim Reed, and the Atlanta City Council issued proclamations to CPACS for its collaborative efforts and Chaiwon Kim, CPACS CEO, implored the governmental agencies by saying, "if you squeeze one finger, the entire hand feels pain... please do not neglect your Asian American brothers and sisters."

Indeed the four issue-based discussions around health and human services, housing and education, employment and small business, emergency preparedness, and civic engagement along with a renewed commitment to continued relationships will ensure AAPIs are never neglected or overlooked in the bigger national discussions.

CPACS was the first in the nation to host an AAPI Enrollment Summit in 2014.

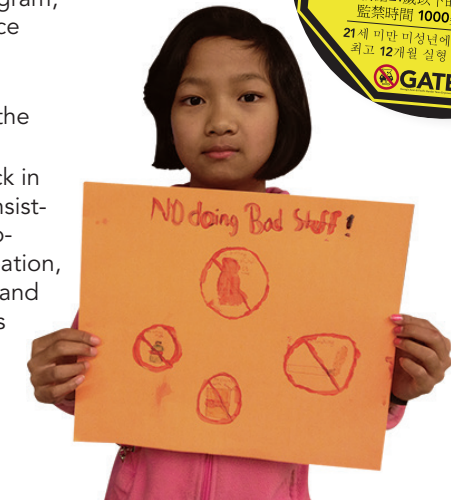

APRIL

GATE Coalition Launches Sticker Shock

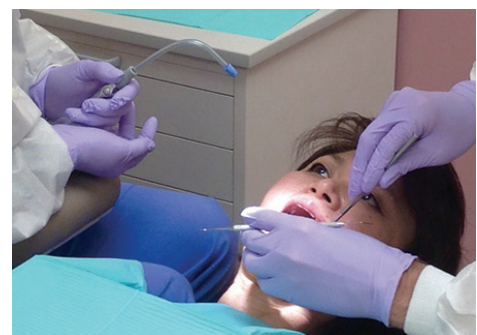

The GATE (Georgia Asian Pacific Islander Team Empowerment) Coalition is a Drug Free Communities (DFC) Support Program, devoted to preventing youth substance abuse in immigrant and refugee communities of Georgia.

From March 17th to April 30th 2014, the GATE Coalition and the CAT Program teamed up to implement Sticker Shock in Atlanta. The Sticker Shock project consisted of recruiting and training youth, approaching and finalizing store participation, conducting Sticker Shock with youth, and gathering feedback from store owners and youth. The groups stickered at more than 7 different participating locations from Sandy Springs and Clarkston.

JUNE

Affordable Dental Care

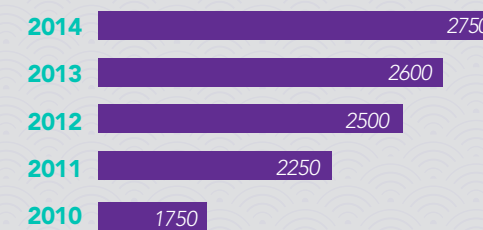

CPACS Cosmo Health Center is very excited to announce our newly added Dental Service. Our goal is to offer affordable and quality dental care to all of our patients. We currently offer basic preventive and restorative services. To make a dental appointment, call CPACS Cosmo Health Center at 770-674-7980. Open Monday – Friday 8:30am to 5pm.

The following services are available: Exam, X-ray, Scaling, Treatment of decay, Tooth extraction, Dentures, Root Canal, and Bridge
