Dear Friends,

As we celebrate 39 years of services in Georgia, we are proud to share this snapshot of our communities’ growth in Georgia and here in the South.

CPACS continues to commit to promoting self-sufficiency and equity for our diverse limited English proficient (LEP), immigrant, and refugee communities. Annually, CPACS serves close to 70,000 children, seniors, and family members in Georgia, increasing our capacity to address language barriers, health access, voting barriers, youth engagement, and transportation barriers. Our team has continued to grow to 200+ staff who speak more than 17 languages and dialects and we cannot be more proud of the diversity of our staff and programs.

Our team has built many vital infrastructures for language access, community engagement, immigration, civic engagement, and Census and looks forward to our increased capacity and growth into 2020, a big year for our community. We have successfully leveraged our services to help many New Americans take monumental steps in their careers, move further in the pipeline towards citizenship, access vital services in their language of choice, and gain access to life-saving treatment and care at our health center.

Your generous support, financial and in-kind, has helped CPACS grow, excel, and learn as we continue to build stronger communities, empower immigrants and refugees, and mobilize for social change. We are confident that with your continued support, we will be able to positively impact our local, state, regional, and federal partners’ capacity to more effectively and efficiently engage and serve our LEP, immigrant, refugee, and marginalized communities here in the State of Georgia. We invite you to stand with CPACS in our work to serve and advocate for the immigrant, and refugee, and underserved community in Georgia.

Sincerely,

CHAIWON KIM

2018 – 2019 Highlights

Increase in AAPI Voters in Midterm Elections
In 2018, CPACS staff and volunteers mobilized Asian Americans, immigrants, and communities of color to vote in the Midterm Election by knocking on doors, phone calls, and text messages. CPACS and our partners’ efforts doubled the Asian American and Pacific Islander voter turnout from 22.39% in 2014 to 44.38% in 2018.

TEA Walk
3,300 people gathered on October 13th, 2018 to walk in unity on Buford Highway for the 14th Annual Together Empowering Asian Americans (TEA) Walk. TEA Walk engages Atlanta’s diverse community to walk in solidarity, gain awareness, and mobilize. Its theme for the year 2018, “Unity in Community” highlighted the strength of Georgia’s diverse communities as they came together as one to empower each other.

Community Action for Teens
The CPACS Community Action for Teens (CAT) program provides high school students the opportunity to learn and develop leadership skills to make a difference in their lives. Through the program, students participated in community service projects aimed at building appreciation and respect for the community, fostering leadership development, and building community service skills. In 2019, 18 participants graduated from high school with five graduates receiving scholarships.

Low-cost Culturally Competent Healthcare
CPACS Cosmo Health Center, a Federally Qualified Health Center, has provided care for the community for over six years now. Cosmo provided low-cost culturally competent services to over 5,560 patients during 12,684 patient visits. CPACS Cosmo and Community Health Department engaged our community in important screenings including mammograms and Hepatitis B.

July 2018 – June 2019 Fiscal Year

Advocacy for Limited English Proficient Communities
CPACS hosted an annual SNAP Limited English Proficient (LEP) Press Conference on June 4, 2019. The event engaged ethnic media with the Georgia Department of Human Services, Division of Family and Children Services, and SNAP LEP Work Group to provide information on resources available for LEP communities when enrolling in programs such as SNAP to gain access to food.

Refugee Career Pathways
The CPACS Refugee Career Pathway Program provides assistance and mentorship for refugees to establish careers. One of the programs participants, Emma, arrived as a refugee to the United States from Burma with the goal of becoming a nurse. In 2019, she took her first steps on becoming a nurse by enrolling in courses towards her Licensed Practical Nurse degree at a local college. The Refugee Career Pathway Program provided her guidance and assistance with the school enrollment process, financial assistance, connected her with a mentor and tutor, and helped her purchase school supplies and uniforms.

Housing
The CPACS Housing Department provides housing counseling and education and financial literacy to help our clients with purchasing or keep their home and build equity. CPACS Housing Counselors provide in-language and culturally competent services. In 2019, CPACS provided counseling to 307 participants. Almost 2/3 of participants identified as Asian American and Pacific Islander immigrants and refugees including Burmese, Bhutanese, Afghani, Arab, Korean, Vietnamese, Chinese, Asian Indian, and Bangladeshi. Over 68 percent of AAPI individuals were limited English proficient.

About CPACS

The Center for Pan Asian Community Services, Inc. (CPACS) was founded in 1980 on the belief that people need people. It is the first, largest, and longest standing organization in the Southeast focused on issues concerning Asian Americans and other underserved populations.

Since its inception, CPACS’s goal has been to deliver comprehensive and family-centered social and health services. CPACS recognizes that issues of health, education, employment, citizenship, and community are interrelated and integral to people’s success and their ability to contribute to the society in which we live.

During the past 39 years, CPACS has evolved from a volunteer-run organization to help mostly Korean Americans, into a multi-service organization with racially, ethnically, and religiously diverse staff whose linguistic ability covers some 17 different language groups (both Asian and non-Asian). CPACS’s capacity to serve the community also grew from 791 clients per month in 1999 to 6,200 clients per month in 2019.

Mission Statement

The Center for Pan Asian Community Services, Inc.’s mission is to promote self-sufficiency and equity for immigrants, refugees, and the underprivileged through comprehensive health and social services, capacity building, and advocacy.

Support CPACS

Donate

Every gift made to CPACS goes to helping our immigrant and refugee communities reach self-sufficiency and equity. You can make a tax deductible donation to CPACS at www.cpacs.org/donate or contact donate@cpacs.org for information on other ways to give.

Volunteer

For more information about how to get involved, please contact our Volunteer Coordinator at volunteer@cpacs.org.
